

Polypropylene sheet Printex: Matt: Orange: fine .

STATEMENT OF COMPLIANCE FOR FOOD CONTACT APPLICATIONS :

In EUROPE.

We confirm that this product fulfils the requirements on materials used for articles or components of articles intended to come into contact with food as described in the Commission Regulation (EU) No 10/2011 and its amendments.

Conditions: - Regarding overall migration:

The overall migration limit, for which a maximum value of 10 mg/dm² or 60 mg/kg (EU No 10/2011) has to be controlled on the finished articles intended to come into contact with foodstuffs or appropriate simulants in accordance with ANNEX III of commission regulation (EU) 10/2011. Proper period at a temperature which are chosen by reference to the contact conditions in actual use, according to the provisions in article 22 of Commission Regulation EU No 10/2011 and its amendments; consequently it is the responsibility of the end-user of this product.

-Specific Migration Limit(s) and/or other restrictions:

One or more monomers and/or additive(s) are subject to Specific Migration Limit (SML). It pertains also to end-users to check by appropriate specific migration tests on the final material or article the suitability for contact with different food-types and various end-use conditions. However these are beyond the control of EXTEN S.A and are a part of the responsibility of the user of this polymer product. We shall supply under secrecy agreement the EXTEN S.A proprietary information needed to perform the migration measurements. The end-user must contact us for additional information, and you must inform him accordingly.

Regulation 1935/2004/EC

We hereby inform you that the above-mentioned product is a plastic sheet material for which specific measures are adopted as foreseen in Article 5 and Annex I of Regulation 1935/2004/EC. For plastic materials specific measures are adopted through regulation EU No 10/2011 relating to plastic materials and articles intended to come into contact with foodstuffs, which are mentioned above.

in the UNITED STATES OF AMERICA

- Code of Federal Regulations Food and Drugs Title 21- 2006- §177.1520: Olefins Polymers;

For PPR: § 177.1520 (a) (3) (i) (c) (1) and (c) 3.1a. This product meets the criteria in § 176.170 (c) and the finished product may be used in contact with food types –IV-A.V and VII (table 1) under use conditions E through G (table 2) section 176.170 paragraph (C). it may be used with food types VIII and IX (table 1) without use temperature restrictions.
